

# Project Plan: Contract Assistant Agent

Date	Doctype	For	By
11/06/2025	PPS	Bayou Braces & Smile Center	AgentsArchitects.ai

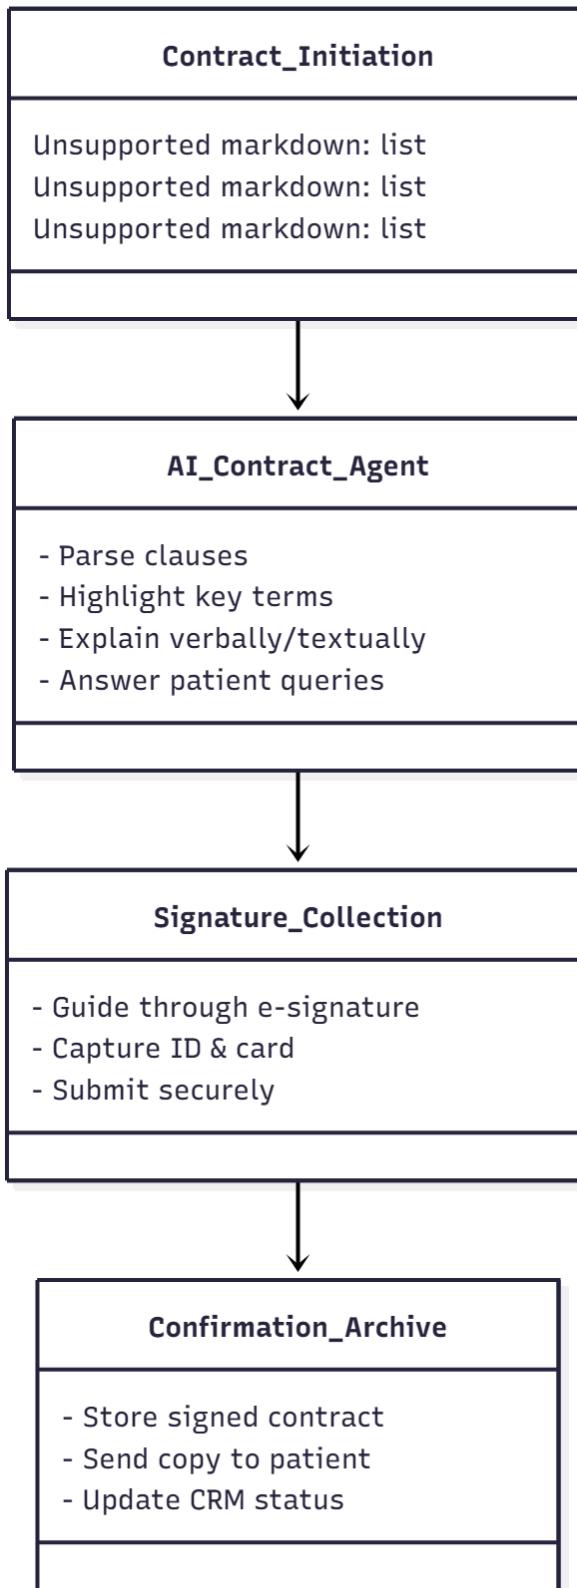

## Project Overview & Goals

The Contract Assistant Agent will automate digital contract interactions from highlighting essential clauses to collecting e-signatures and ID validation. The agent will interact conversationally (voice or chat), summarize contract highlights, and answer patient queries using a trained context model. This ensures faster contract completion, better patient understanding, and compliance with HIPAA-grade data protection.

## Key Measurable Goals

KPI	Baseline	Target
Contract turnaround time	1 day	15 minutes
Manual staff involvement	100%	20%
Patient comprehension rating	70%	90%
E-signature completion rate	60%	95%

## Workflow Narrative

# Detailed Workflow Narrative

## A. Contract Initiation
